

ANTENNATEK LPDA200 TV ANTENNA

HDTV AT YOUR BECK AND CALL

Dometic Australia has made mobile living even more comfortable with the AntennaTek LPDA200 TV antenna, which provides the highest quality HDTV reception in local and remote areas so those favourite TV shows are never missed when away from home.

The AntennaTek LPDA200 provides the highest quality television picture and sound due to the eight element Log Periodic Dipole Array (LPDA) design, with a frequency range 40 – 900 Mhz and can receive both in horizontal and vertical polarity areas as well as FM signals.

Also built with a three stage signal amplifier, the AntennaTek LPDA200 provides maximum gain with minimum noise so there is always reliable crystal clear picture while travelling.

TESTED
IN
AUSTRALIA

The AntennaTek LPDA200 runs off the vehicles 12 V DC power supply and can be raised, lowered and rotated 350 degrees from inside the caravan or motor home for optimum tuning.

When travelling, the antenna should be lowered to rest on top of the vehicle for a low profile of only approximately 10 cm.

Installation of the AntennaTek LPDA200 TV antenna is a simple process and takes minimal time to complete.

KEY FEATURES:

- 8 element LPDA design provides the highest quality HDTV reception in local and remote areas
- 3 stage signal amplifier optimised to provide maximum gain with minimum noise to ensure a crystal clear picture on your TV
- Receives VHF, UHF and FM signals
- The antenna can be raised, lowered and rotated from inside the vehicle for optimum tuning of any TV channel
- Weather-proofed aerodynamic housing utilising high impact UV protected material
- For travel the antenna is lowered to rest on top of the vehicle resulting in a low profile of only around 10 cm
- Installation is simple and can be performed by the RV owner

ANTENNATEK LPDA200 SPECIFICATION

Product	AntennaTek LPDA200 TV antenna - bulk pack (6)
Power input	12 V DC / 95 mA
Raised height:	51 cm
Lowered height:	10 cm
Width:	46 cm includes lift mechanism
Rotation range:	350°
Frequency range:	40 - 900 Mhz
Gain:	VHF (ch 1-13) : 20 dB UHF (ch 14-69) : 22 dB FM : 20 dB 75 Ohms
Impedance:	75 Ohms
Ref No.	902210-PACK

E & OE. Please note: Dometic may introduce modifications to products, therefore details herein are subject to change without notice. No liability is accepted for errors. Printing processes may not depict colour accurately.
